Welcome to Canopy Outdoor Living

Canopy Outdoor Living is the thought leader and innovator in Outdoor Living Solutions. From comprehensive design and construction strategies to product solutions, our team of experts have a crafted portfolio of solutions.

Outdoor living? Don't you mean landscaping?

In fact our team is comprised mostly of Landscape Architects with a diverse resume of designing and developing traditional landscape projects. But the outdoor living industry has evolved and the Canopy team is at the fore front of that evolution. From design concepts and materials to the latest in outdoor product our team is uniquely qualified to partner on projects at any level.

Our mission is to seek and source the best in outdoor products to commercial and residential projects.

TV & AUDIO

TV & AUDIO

SUNBRITE® TVs

SunBrite hi-def TVs are the only time-tested televisions in the world that are specifically designed and built from the ground-up for the outdoor environment. All TV's are engineered for optimized outdoor viewing, and safe for use in outside conditions. Enjoy outdoor entertaining with the industry-recognized leader in outdoor television.

All Sunbrite TVs Feature:

- Bright 1080p LED screen for improved outdoor viewing.
- Exterior designed to protect internal components from rain, snow, dust, insects, humidity, salt-air, and temperatures from -24 to 122 degrees F.
- Slim-profile powder-coated rust-proof aluminum exterior for strength and durability.
- 2-year parts/ labor warranty.
- Weatherproof remote control.
- Premium outdoor dust cover.

55 and 65 Inch TVs Feature:

- 20 WATT weatherproof detachable speaker module (for placement on top or below your TV).

55 Inch

65 Inch

SONANCE® AUDIO

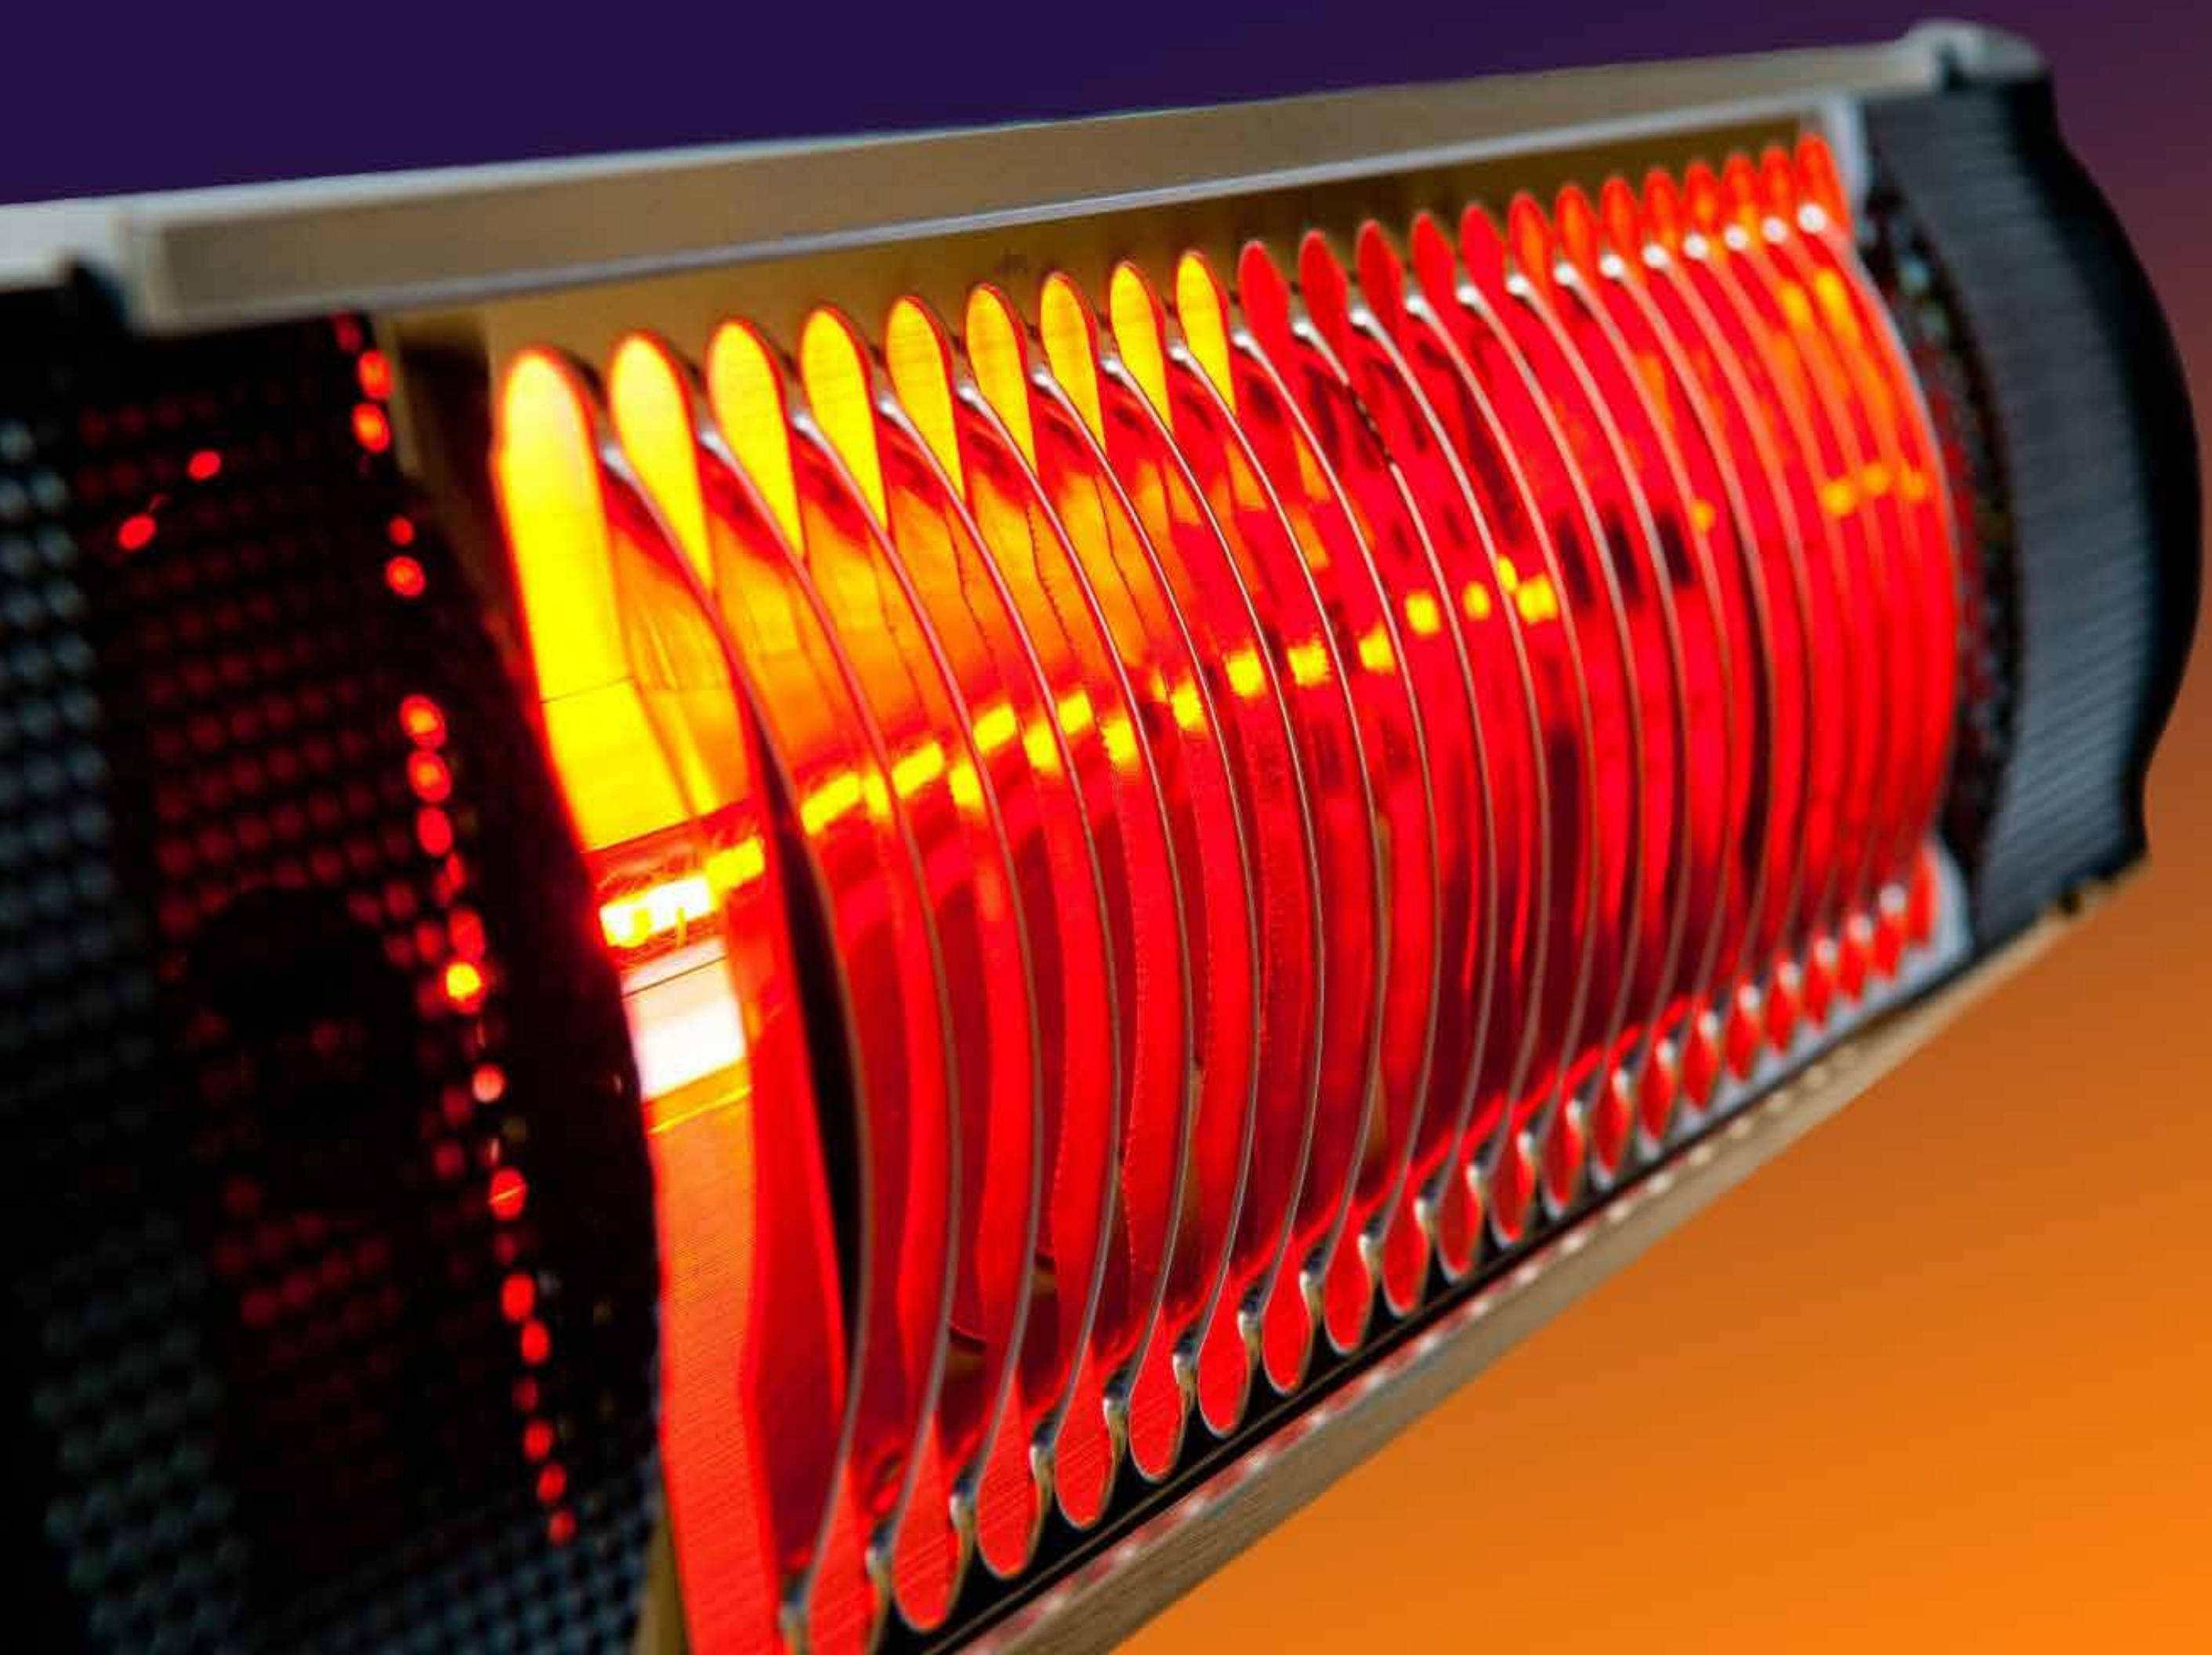

Sonance Audio Systems deliver amazing sound quality and perfectly even volume, bringing a whole new level of atmosphere and ambience to backyard entertaining.

The weatherproof composite construction is corrosion-proof, flake and chip resistant, and features triple-sealed enclosures to ensure many years of reliable performance.

Once installed they are easily camouflaged amongst plants and foliage, making it seem as if music is radiating from under plants or foliage.

HEATERS

GAS & ELECTRIC

Solaira® quartz electric Infrared heaters utilize quartz infrared technology that provides a new, unique means of instant and directional radiant heat. This comfort heat is based on the same natural effect that the sun provides, warming people and objects and not the air in between. Within seconds of switching on, heat is radiated at maximum power and operates at one of the highest efficiency levels of any heater available on the market making it economical, efficient and effective.

Schwank® radiant heaters are made from only the highest-grade materials that are chosen for their durability in order to withstand a lifetime of operation and provide dependable service without flaws. Schwank®'s energy efficiency and design flexibility enables you to get uniform comfort at floor level, simply and more economically.

Solaira® Cozy XL Series

- L 22" x D 4½" x H 6¼"
- Heat Zone: 80 sq. ft.
- Safe / Maintenance Free / Odorless.
- Scratch resistant epoxy powder coat finish.
- Extruded 6061 aircraft aluminum fixture.
- Available in 1.5kW, 120V, 1.5 and 2.0kW, 240V
- XL series are also available with integrated lighting so the user can enjoy both heat or light from one appliance, on separate circuits.
- Available in Black or White or Silver/Grey (XL with Lights).

Schwank® Bistro

- L 44" x D 10½" x H 11 5/8"
- 35,000-50,000 BTUs
- Weather resistant housing ensures longevity of the heater for years to come
- Built in gas lines eliminate portable propane tanks, making the patio more efficient on your gas bill and safer for your guests.
- Black or Stainless Steel enclosure to enhance the aesthetics of your patio

LIGHTING

Low Voltage Lighting

Up Down Light

Dual bulbs paint light up and down the surface where it is mounted. Great way to create ambiance.

Flush Step Light

An elegant addition to any wall, deck floor, or stairway. Great for increasing visibility and safety.

Mini Flush Light

These compact, little 1" round LED fixtures are quite versatile with uses ranging from recessed step lighting, under railing lighting or as a deck surface mount.

Spot Light

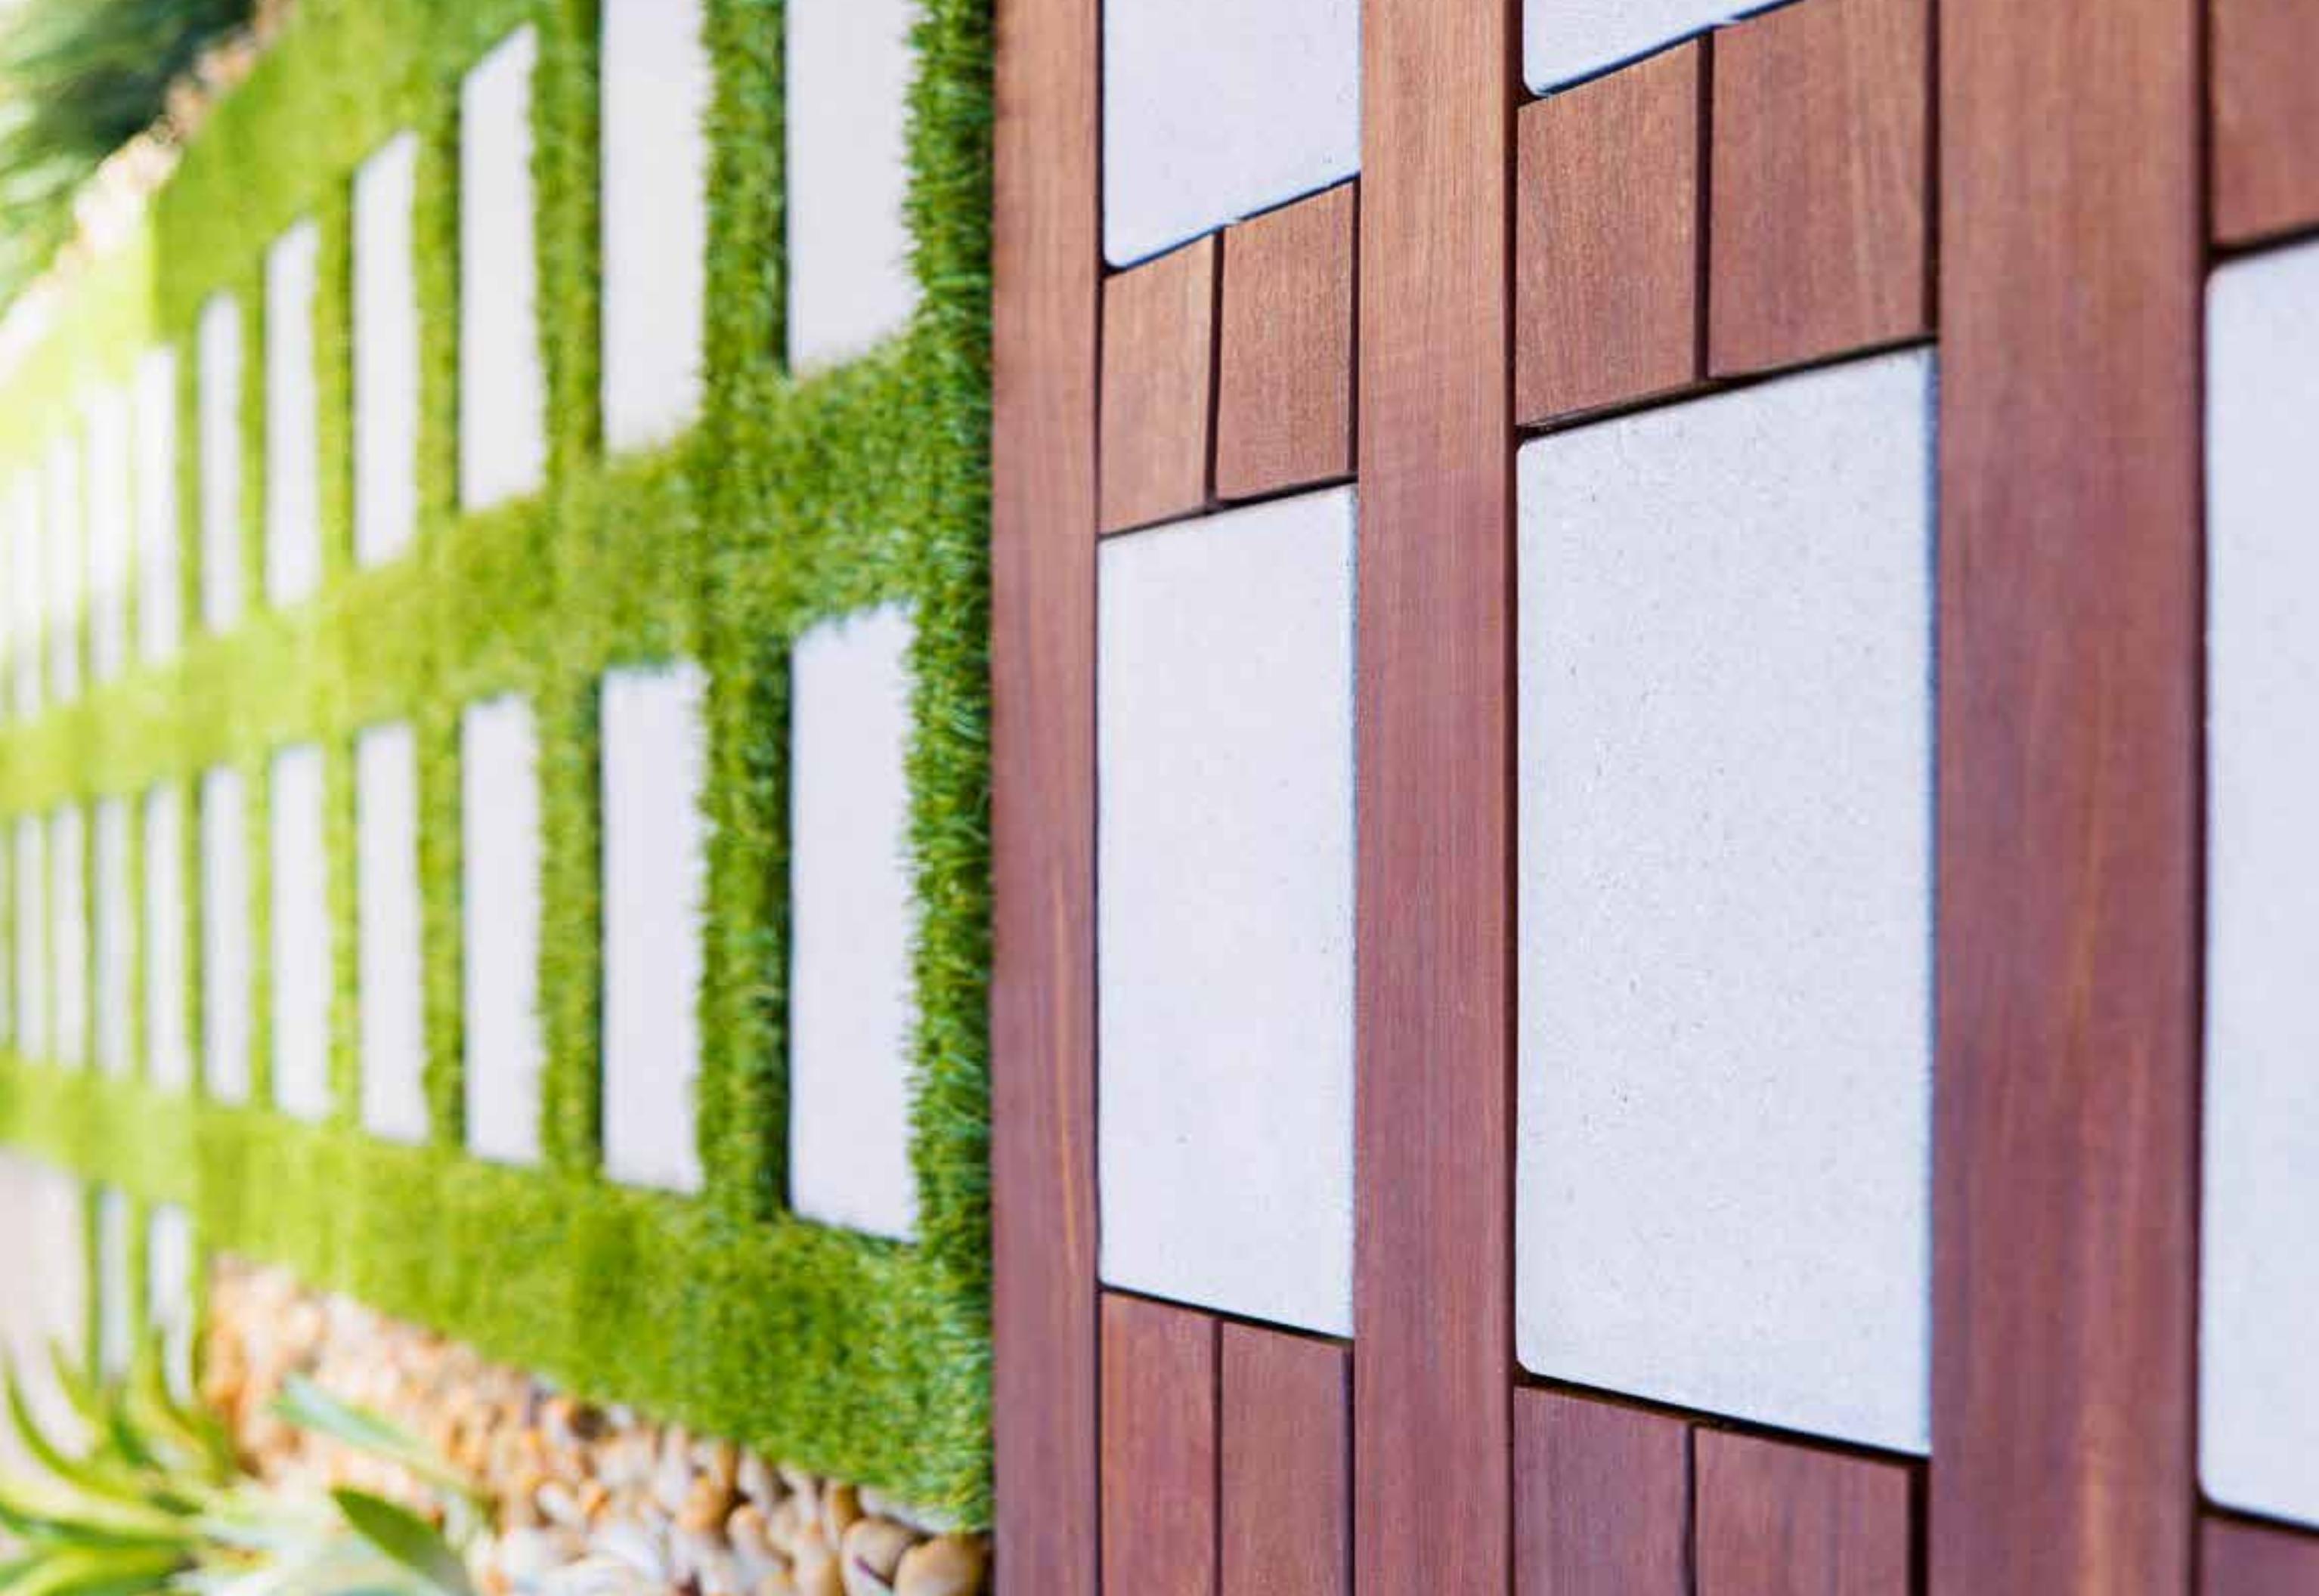

Pressure fitted head and screw on lens for maximum weatherproof protection.

BBQ Light

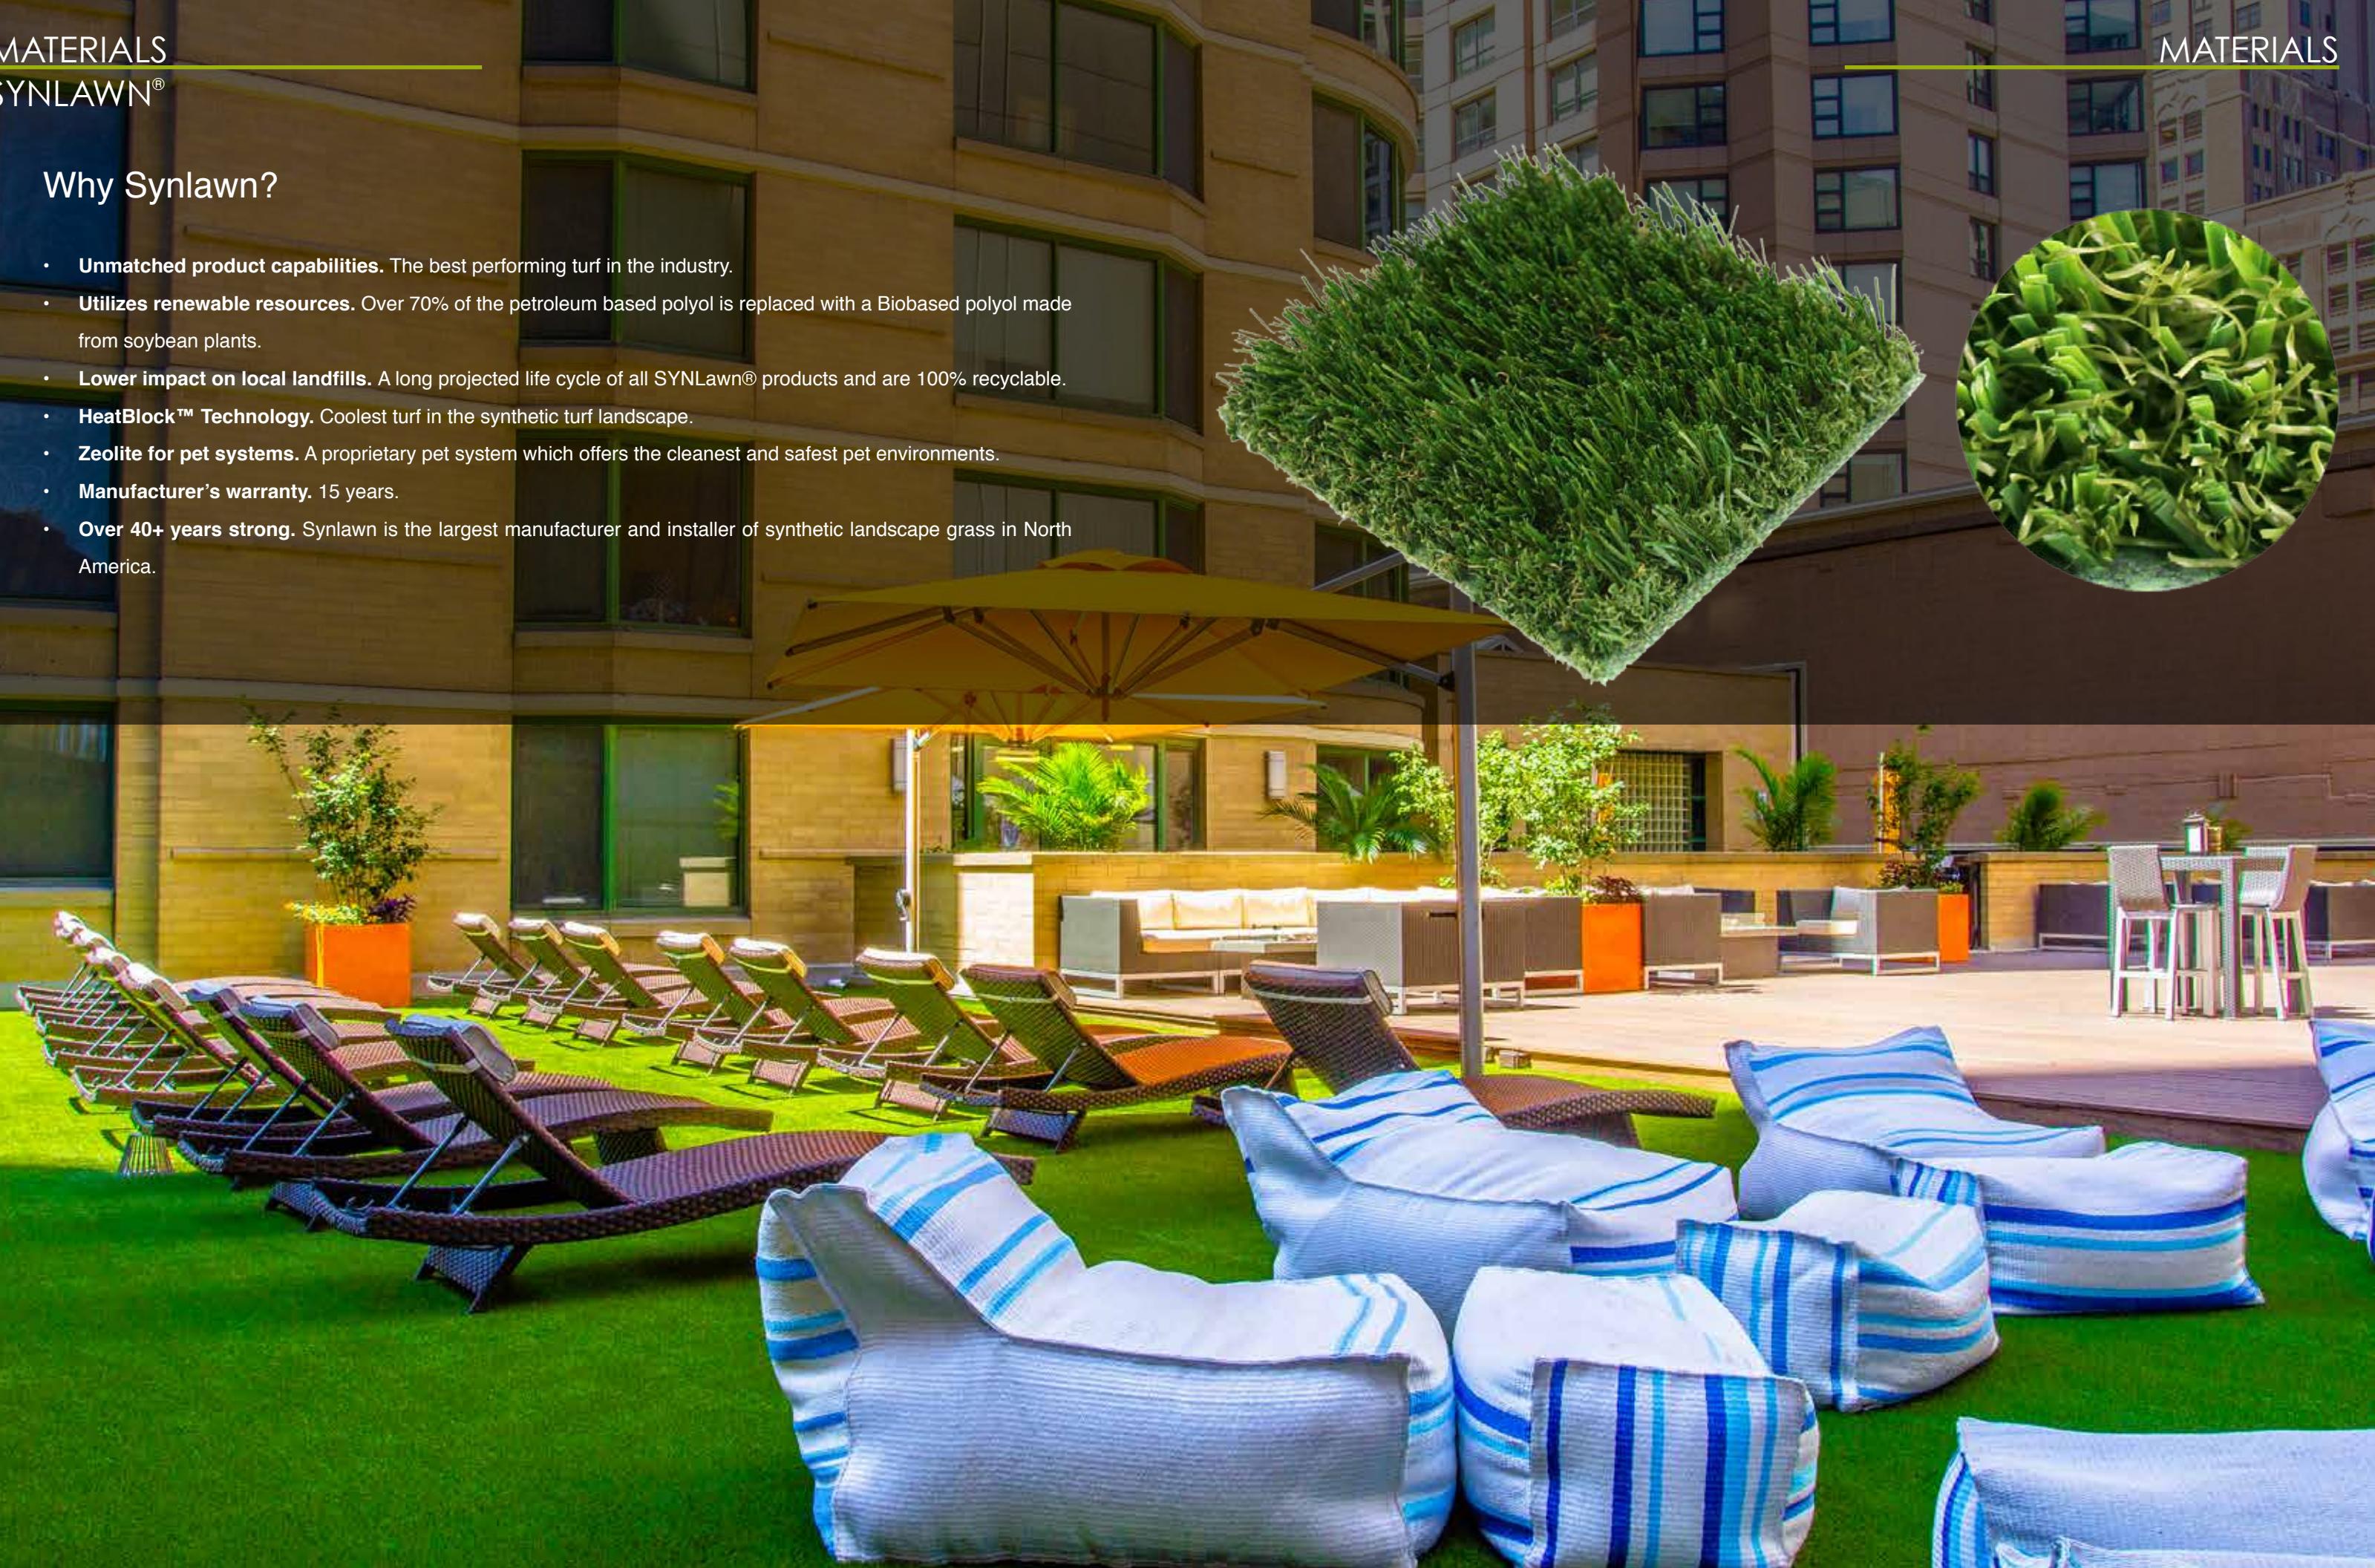

Ideal for grilling in the dark!
Height 22"

MATERIALS

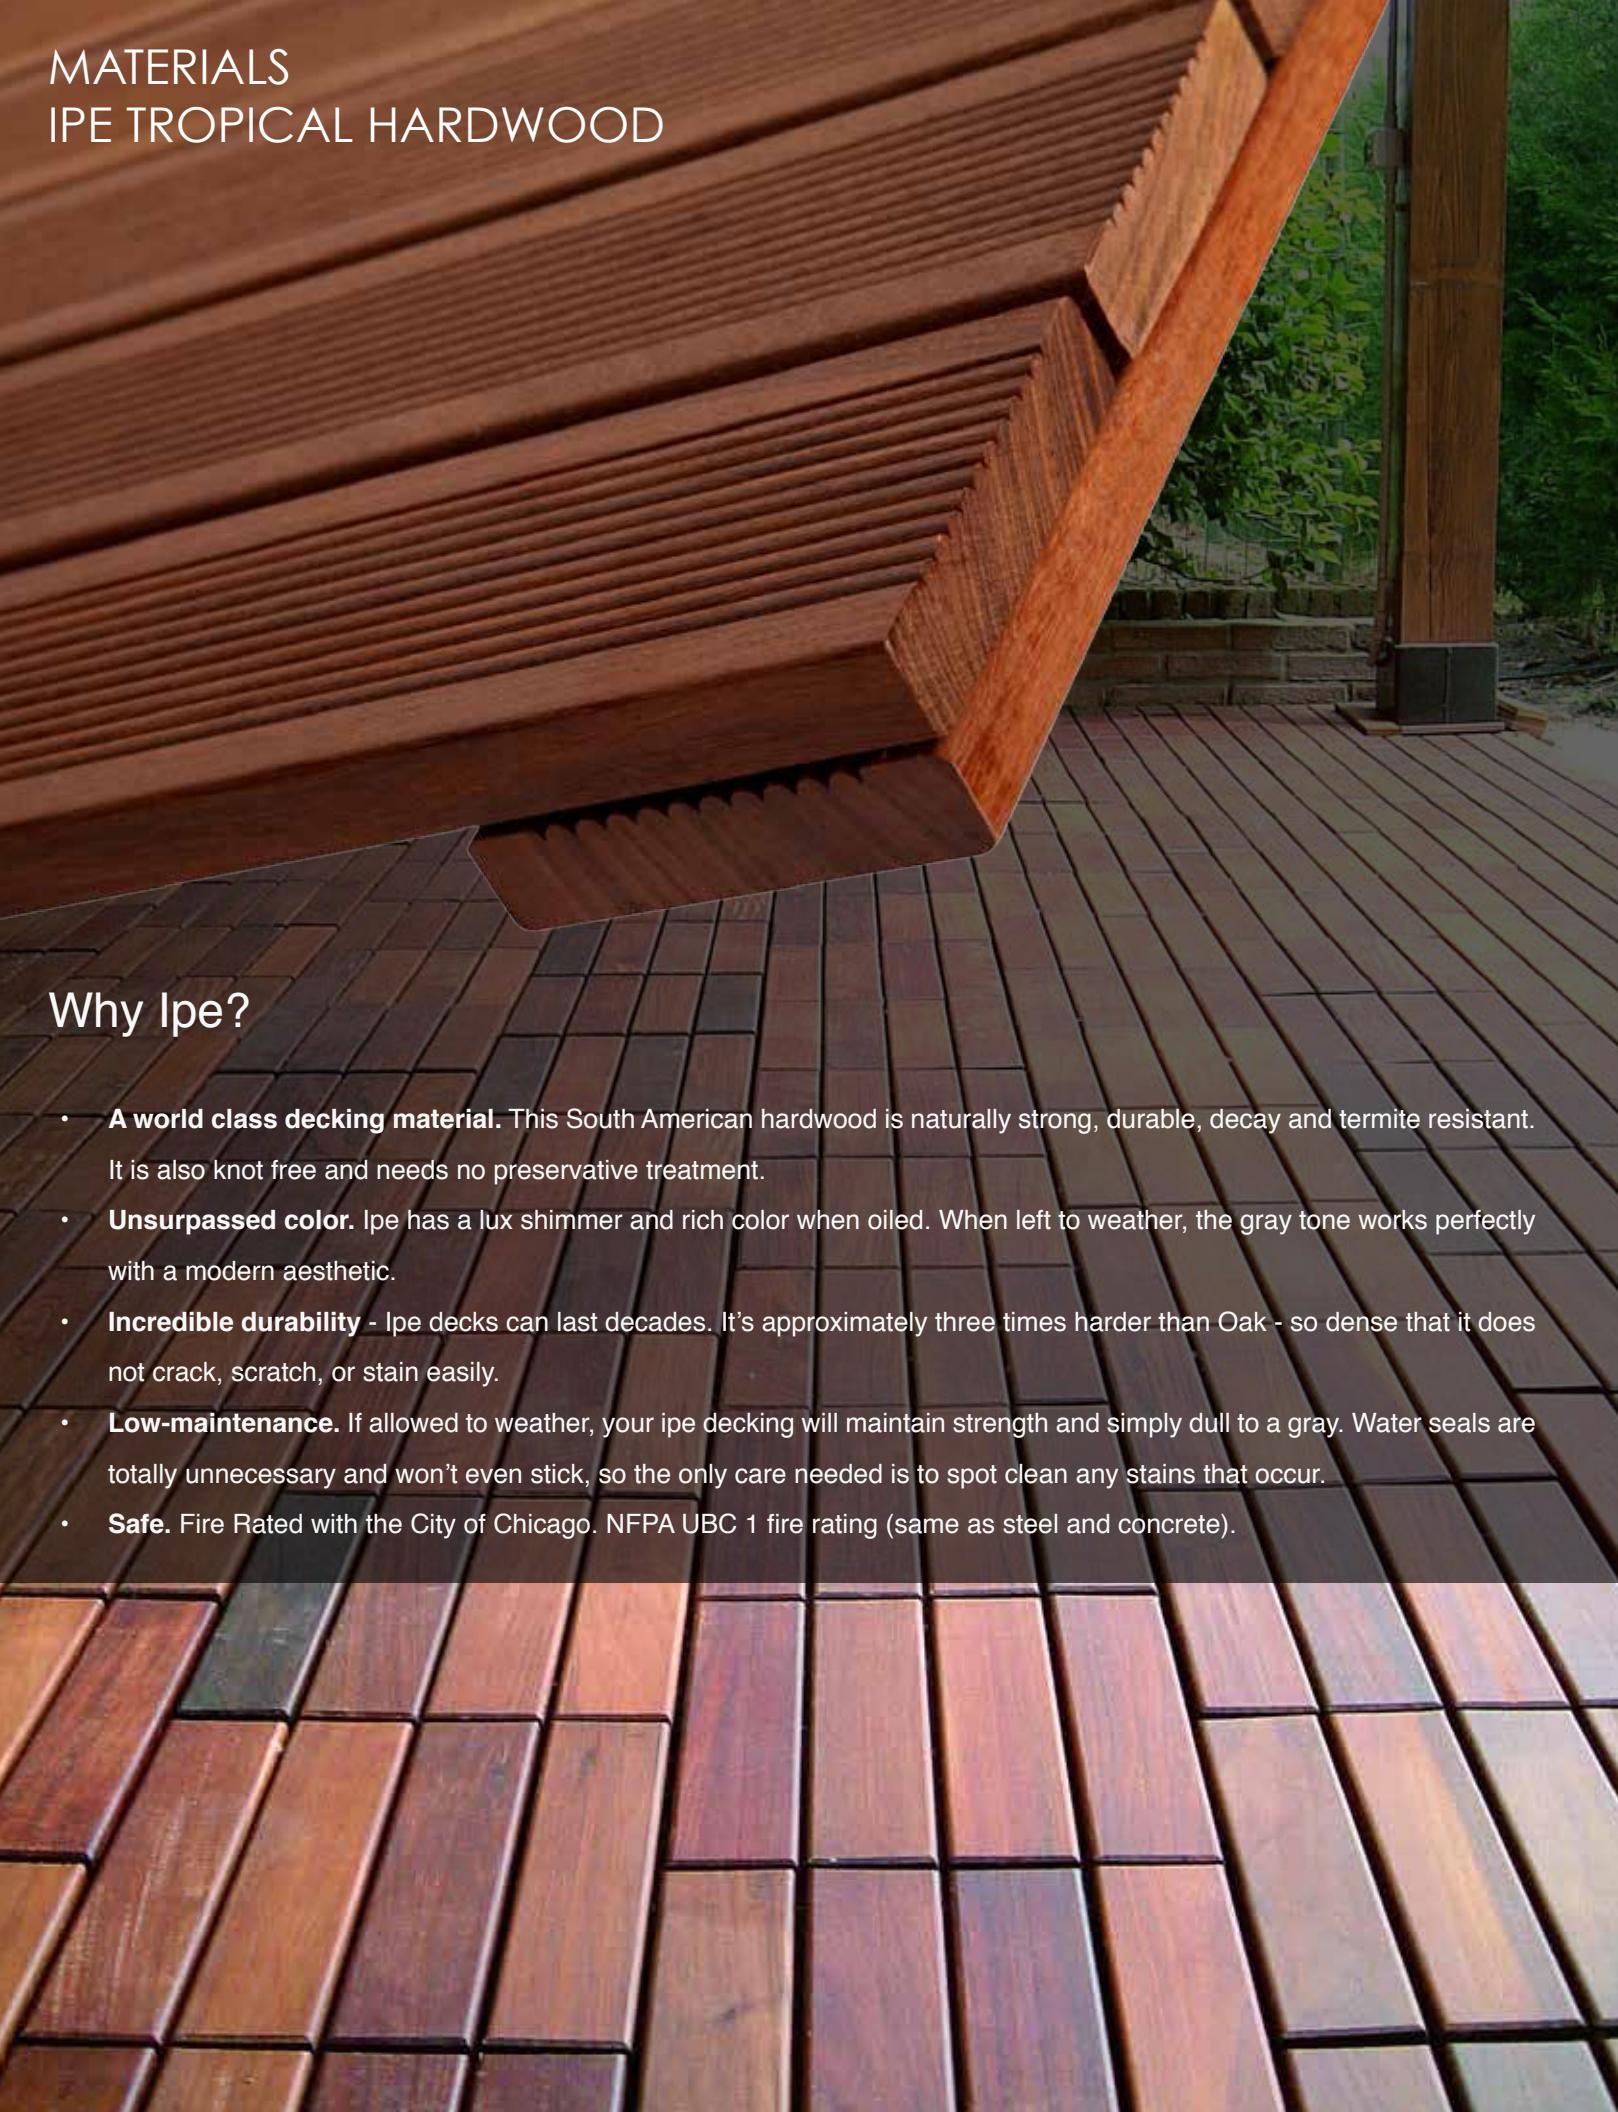

Why Synlawn?

- **Unmatched product capabilities.** The best performing turf in the industry.
- **Utilizes renewable resources.** Over 70% of the petroleum based polyol is replaced with a Biobased polyol made from soybean plants.
- **Lower impact on local landfills.** A long projected life cycle of all SYNLaw® products and are 100% recyclable.
- **HeatBlock™ Technology.** Coolest turf in the synthetic turf landscape.
- **Zeolite for pet systems.** A proprietary pet system which offers the cleanest and safest pet environments.
- **Manufacturer's warranty.** 15 years.
- **Over 40+ years strong.** Synlawn is the largest manufacturer and installer of synthetic landscape grass in North America.

MATERIALS IPE TROPICAL HARDWOOD

Why Ipe?

- **A world class decking material.** This South American hardwood is naturally strong, durable, decay and termite resistant. It is also knot free and needs no preservative treatment.
- **Unsurpassed color.** Ipe has a lux shimmer and rich color when oiled. When left to weather, the gray tone works perfectly with a modern aesthetic.
- **Incredible durability** - Ipe decks can last decades. It's approximately three times harder than Oak - so dense that it does not crack, scratch, or stain easily.
- **Low-maintenance.** If allowed to weather, your ipe decking will maintain strength and simply dull to a gray. Water seals are totally unnecessary and won't even stick, so the only care needed is to spot clean any stains that occur.
- **Safe.** Fire Rated with the City of Chicago. NFPA UBC 1 fire rating (same as steel and concrete).

Ariostea® High-Tech Natural Stones

- **Ideal solution for outdoor paving.** Designed for both public and private use.
- **Strong and durable.** Highly resistant to stains, scratches, fading, heavy loads, moisture, and fire.
- **Low-maintenance.** Requires no polishing, waxing, or sealing, and can be cleaned easily with a damp mop.
